2026 EXPO OCTOBER 13-15 INDIANAPOLIS, IN

COMPRESSED AIR / VACUUM / COOLING

CABPEXPO.COM

Schedule at a Glance

The Best Practices 2026 EXPO & Conference is the leading North American event focused on Sustainable, Safe and Reliable On-Site Utilities Powering Automation.

It takes place October 13-15, 2026, at the Indiana Convention Center. Attendees include professionals responsible for specifying, operating and maintaining on-site utility systems.

TUESDAY, OCTOBER 13

7:00AM	Registration Open *(Hall C Lobby)*
8:00AM–9:15AM	Track 1 Session #1 *(Room 109)*
8:00AM–10:30AM	Track 2 Session #1 and #2 *(Wabash Ballroom 123)*
8:00AM–11:00AM	Compressed Air Treasure Hunt Workshop *(Room 107)* – Sponsored by SMC
8:00AM–11:00AM	Sales Foundations Workshop *(Room 108)*
8:00AM–11:00AM	Pneumatic Conveying Workshop *(Room 110)* – Sponsored by Kansas State University
9:15AM–9:30AM	Coffee Break – Sponsored by TTed Solutions
9:30AM–11:00AM	Track 1 Session #2 *(Room 109)*
11:15AM–12:15PM	Opening Session *(Wabash Ballroom 123)*
12:00PM–6:00PM	**EXPO Floor Open** *(Hall C)*
12:00PM–5:00PM	Leak Detection Pavilion *(Hall C)* – Sponsored by CS INSTRUMENTS
1:00PM–4:00PM	Compressed Air Challenge (Part 1) *(Room 106)*
1:00PM–5:00PM	New Technology Pavilion *(Hall C)* – Sponsored by TRACE Analytics
2:00PM–3:30PM	CAGI CCASS Exam *(Room 113)*
5:00PM–5:30PM	Energy Treasure Hunt Raffle *(Booth #503)*
6:30PM–9:00PM	Networking Event at Punch Bowl Social – Sponsored by BEKO, mikropor, SMC

WEDNESDAY, OCTOBER 14

7:30AM–9:00AM	Women in Compressed Air, Vacuum & Cooling Networking Group Breakfast *(Wabash Ballroom 123)* – Sponsored by HITACHI, FCG Flow Control Group
8:00AM–9:15AM	Track 1 Session #3 *(Room 109)*
8:00AM–9:15AM	Track 2 Session #3 *(Room 110)*
8:00AM–11:00AM	Compressed Air Challenge (Part 2) *(Room 106)*
8:00AM–11:00AM	Industrial Chilled Water Workshop *(Room 107)*
9:15AM–9:30AM	Coffee Break – Sponsored by HITACHI
9:30AM–11:00AM	Track 1 Session #4 *(Room 109)*
9:30AM–11:00AM	Track 2 Session #4 *(Room 110)*
9:30AM–11:00AM	Precision Prospecting Workshop *(Room 108)*
11:15AM–12:15PM	Plenary Session *(Wabash Ballroom 123)*
12:00PM–5:00PM	**EXPO Floor Open** *(Hall C)*
12:00PM–3:30PM	Leak Detection Pavilion *(Hall C)* – Sponsored by CS INSTRUMENTS
1:00PM–4:00PM	New Technology Pavilion *(Hall C)* – Sponsored by TRACE Analytics
2:00PM–4:00PM	Compressed Air Challenge (Part 3) *(Room 106)*
2:00PM–3:30PM	CAGI CCASS Exam *(Room 113)*
4:00PM–4:30PM	Energy Treasure Hunt Raffle *(Booth #503)*

THURSDAY, OCTOBER 15

8:00AM–10:00AM	Track 1 Session #5 *(Room 109)*
8:00AM–10:00AM	Track 2 Session #5 *(Room 110)*
8:00AM–11:00AM	Sales Foundations Workshop *(Room 108)*
10:00AM–10:15AM	Coffee Break
10:15AM–12:00PM	Track 1 Session #6 *(Room 109)*
10:15AM–12:00PM	Track 2 Session #6 *(Room 110)*
12:00PM	Conference Adjourns

Discover Technologies Powering Automation

- Air Compressors
- Aluminum Piping & Storage
- Blowers
- Compressed Air Purification
- HVAC/Process Chillers
- Cooling Tower Systems
- IoT
- Leak Detection
- Master Controllers, Motors & Drives
- Measurement & Pneumatics
- Nitrogen/Oxygen Generation
- System Lubricants, Filters & Components
- Vacuum Systems
- Associations & Training

Energy Treasure Hunt Raffle

$1,000 Daily Giveaway

Visit 10 sponsor booths marked with an X, collect stamps on your raffle card and submit it to Booth 503 by 4:30 p.m. Oct. 13 and 3:30 p.m. Oct. 14. Winners drawn at 5:00 p.m. Oct. 13 and 4:00 p.m. Oct. 14 from the Treasure Hunt Raffle Stage.

Cards not drawn on Oct. 13 remain eligible for Oct. 14. Must be present to win.

Expo Pavilions

New Technology Pavilion

Sponsored by TRACE Analytics

Tuesday, October 13, 1:00PM–5:00PM

1:00-1:25 Compressed Air Testing: From Symptom to Solution
Jenny Irvin, Air Quality Business Development Manager, Trace Analytics

1:30-1:55 Controlling Risks of Variability in a Manufacturing Process Working from Sensor Fundamentals
Peter Michael Shepherd, Global Sensor Product Manager, Michell Instruments (DwyerOmega)

2:00-2:25 Optimizing Machine Safety at the Pneumatic Manifold
Jon Jensen, National Product Sales Manager – Energy & Safety, SMC

2:30-2:55 The Next Revolution in Compressed Air Is Here: Discover the Innovations Redefining Measurement, Monitoring and Verification
Martin Zeller, Managing Director, CS INSTRUMENTS USA

3:00-3:25 5 Why's of Measurement: What's Important Will Vary
Neil Mehltretter, Technical Director, Kaeser Compressors

3:30-3:55 Bobcat: Committed to Uptime
Patrick Jakeway, General Manager – Industrial Air Division, Bobcat

4:00-4:25 Next-Gen Process Cooling: Hybrid Chillers Achieving Zero-Water Consumption and Downtime with Modular R-290, Heat Reuse and Free Cooling
Kirby Johnson, Director of Sales, Frigel North America

4:30-4:55 Two-Stage Compression – Oil Flooded Rotary Screw
Scott Folsom, Northwest Area Sales Manager, Boge America

Wednesday, October 14, 1:00PM–4:00PM

1:00-1:25 BAUER CONNECT
Garrett Blake, Manager of Sales/Application Engineering, Bauer Compressors

1:30-1:55 Mikropor Chillers and Gas Generation
Allan Hoerner, Area Manager & Chiller Specialist
Mike Kinnucane, Business Development Manager, Gas Generation, Mikropor

2:00-2:25 PPS/AMS – Prevost Systems
Richard Maulkinson, U.S. National Sales Manager, Prevost

2:30-2:55 Connected Air, Smarter Decisions: How BEKO TECHNOLOGIES and CALMS are Driving the Next Generation of Compressed Air Innovation
Josh Borrego, Sr. Technical Service Specialist, BEKO Technologies

3:00-3:25 Remote Monitoring: Maximizing Uptime, Efficiency and Peace of Mind
Sean Dempsey, Southeast Regional Sales Manager, Sauer Compressors

3:30-3:55 THE FUTURE OF COMPRESSED AIR: Connected. Integrated. AI Powered.
Jose Fabio Rojas Fernandez, Founder & CEO, FIXEN

Leak Detection Pavilion

Sponsored by CS INSTRUMENTS

Tuesday, October 13, 12:00PM–5:00PM
Wednesday, October 14, 12:00PM–3:30PM

Get hands-on with ultrasonic leak detector technology, take on the leak detection challenge, and learn how to quantify energy loss and prioritize repairs. Two attendees will win equipment from CS Instruments: a DP 500 portable dew point meter with integrated data logger ($4,300 value) and an LD 500 leak detector with camera ($6,200 value).

Women's Networking Breakfast *(Wabash Ballroom 123)*

Wednesday, October 14, 7:30AM–9:00AM

Sponsored by HITACHI, FCG FLOW CONTROL GROUP

Join women from across the industry for breakfast, conversation and insights from keynote speaker Laura Lemons of Eli Lilly and Company. Pre-registration required.

Laura Lemons
Director of the Administrator Services Center, Eli Lilly and Company

Networking Event

Tuesday, October 13,
6:30PM–9:00PM

Sponsored by BEKO, mikropor, SMC

Punch Bowl Social

Meet industry peers, share ideas, and unwind over food, drinks, and interactive games.

Address: 120 S Meridian St, Indianapolis, IN 46204

CAGI CCASS Certification Exam *(Room 113)*

Test your knowledge of compressed air systems in this 90-minute exam offered by the Compressed Air & Gas Institute. Open to all industry professionals. Advance registration and payment required.

Exam Times

Tuesday, October 13: 2:00PM–3:30PM
Wednesday, October 14: 2:00PM–3:30PM

COMPRESSED AIR SYSTEM SPECIALIST CAGI Compressed Air & Gas Institute CERTIFIED

Compressed Air Challenge

Level 1: Fundamentals of Compressed Air Systems

TRAINING · EDUCATION · EFFICIENCY COMPRESSED AIR CHALLENGE

INSTRUCTORS

Leslie Marshall
National Sales Accounts Manager, Atlas Copco

Frank Moskowitz
Consultant, Draw Professional Services

Learn how to achieve 10-30% cost savings through more effective production and use of compressed air. This two-day course covers energy savings, leak detection and system optimization. Participants must attend all sessions to receive Certificate of Completion. Pre-registration required.

Tuesday, October 13: 1:00PM–4:00PM
Wednesday, October 14: 8:00AM–11:00AM & 2:00PM–4:00PM

Daily EXPO $1,000

Energy Treasure Hunt Raffle

(Best Practices Booth #503)

Tuesday, October 13, 5:00PM
Wednesday, October 14, 4:00PM

Celebrate the people driving energy savings in manufacturing. Eligible attendees can win cash prizes: **first place $500, second place $250, third place $250.** Visit sponsor booths, collect stamps and submit your completed raffle card by 4:30 p.m. on Tuesday and 3:30 p.m. on Wednesday. You must be present to win.

BEST PRACTICES

2026 EXPO OCTOBER 13-15 INDIANAPOLIS, IN

COMPRESSED AIR / VACUUM / COOLING

CABPEXPO.COM

Conference Schedule

Best Practices Conference Tracks 1 and 2*

Receive up to 12 PDH Credits

TRACK 1: SYSTEM DESIGN & OPTIMIZATION *(ROOM 109)*

Learn approaches to designing efficient plant utility systems and improving overall performance across your facility.

TRACK 2: TRACK 2: MAINTENANCE, RELIABILITY & PERFORMANCE *(ROOM 110**)*

Explore practical methods that strengthen day-to-day operations, improve uptime and reduce waste throughout your plant.

*Presenter and presentation titles may change without notice.
**CAGI Seminar will take place in Wabash Ballroom 123

TUESDAY, OCTOBER 13

8:00AM – 9:15AM

TRACK 1 SESSION #1: NATURAL REFRIGERANTS AND HEAT PUMP ENERGY SAVINGS *(ROOM 109)*

Powering Decarbonization: Next-Generation Heat Pumps Driven by Natural Refrigerants

Mustafa Wahid, Mechanical Design Engineer, Roche Diagnostics

Making Heat Pumps Deliver: Design Strategies That Maximize Energy Savings, Reliability and Performance

Rob Tanner, Marketing Director, Johnson Controls

8:00AM – 10:30AM

TRACK 2 SESSION #1 AND #2: CAGI EDUCATION SEMINAR – COMPRESSED AIR EFFICIENCY, AUDITING PRACTICES AND CERTIFICATION *(WABASH BALLROOM 123)*

Case Study #1: Station Centralization and Modernization and Case Study #2: On-site Nitrogen Generation

Neil Mehltretter, Technical Director, Kaeser Compressors

Case Studies on Savings and Efficiency Concepts

Justin Russell, Strategic Assessment Engineer, Ingersoll Rand

Common Auditor Pitfalls and Errors in Compressed Air Systems

Mark Krisa, Global Portfolio Manager, Ingersoll Rand

CAGI Certification Personnel Programs: CCASS & CCASA

Chad Larrabee, Technical Editor, Compressed Air & Gas Institute

8:00AM – 11:00AM

Sponsored by SMC

Compressed Air Treasure Hunt Workshop *(Room 107) (see pg. 8)*

8:00AM – 11:00AM

Sales Foundations Workshop *(Room 108) (see pg. 8)*

8:00AM – 11:00AM

Sponsored by Kansas State University Advanced Manufacturing and Bulk Solids Technology Center

Pneumatic Conveying Workshop *(Room 110) (see pg. 8)*

9:15AM – 9:30AM

Sponsored by TTed Solutions, A Native American Owned Company

Coffee Break

9:30AM – 11:00AM

TRACK 1 SESSION #2 OPTIMIZING CHILLER PLANTS AND FREE COOLING SYSTEMS *(ROOM 109)*

Energy-Efficient Strategies for the Design and Operation of Chilled Water Systems for Comfort Cooling

Hemant Tiwari, Sr Energy Engineer, St. Jude Children's Research Hospital

Free Cooling with Cooling Towers: Winter Operating Best Practices

Jim Nonnenmann, President and Principal Mechanical Engineer, PRVN Consultants

11:15AM – 12:15PM

Opening Day Panel Discussion: The Critical Importance of Industrial Energy & Water Efficiency

(Wabash Ballroom 123) ——— *All Attendees Welcome*

MODERATORS

Andrew Berger
President, Indiana Manufacturers Association

Roderick Smith
Publisher, Best Practices Magazines & EXPO

PANELISTS

Mustafa Wahid
Mechanical Design Engineer, Roche Diagnostics

Jim Nonnenmann
President and Principal Mechanical Engineer, PRVN Consultants

Brad Runda
President, Runda Energy Consulting

Jose Luis Sarmiento Escalante
Facilities and Maintenance Engineer II, John Deere

1:00PM – 4:00PM

Compressed Air Challenge (Part 1) *(Room 106)*

WEDNESDAY, OCTOBER 14

8:00AM – 9:15AM

TRACK 1 SESSION #3: INTEGRATED ENERGY EFFICIENCY AND DECARBONIZATION CASE STUDY *(ROOM 109)*

Unlocking Synergies: Modernization, Electrification and the Hidden Value of Existing Assets

John Troyer, Regional Facilities Manager, Schneider Electric
Edward Kiser, PE, Director of Engineering, World Energy Innovations

TRACK 2 SESSION #3: COMPRESSED AIR IS A FOOD INGREDIENT – SAFETY FIRST SPECIFICATIONS *(ROOM 110)*

Compressed Air is a Food Ingredient – Safety First Specifications

Phil Kruger, Vice President, Harris Equipment
Rod Smith, Publisher, Compressed Air Best Practices

8:00AM – 11:00AM

Compressed Air Challenge (Part 2) *(Room 106)*

8:00AM – 11:00AM

Industrial Chilled Water Workshop *(Room 107) (see pg. 8)*

9:15AM – 9:30AM

Coffee Break Sponsored by HITACHI

9:30AM – 11:00AM

TRACK 1 SESSION #4: INTERMITTENT DEMAND CONTROL STRATEGIES: FROM MULTIPLE VSD COMPRESSORS TO SOLUTIONS FOR BIG AIR EVENTS *(ROOM 109)*

Multiple Variable Speed Drive Compressed Air Controls Automation

Tim Dugan, President, Compression Engineering Corporation

"We Need More Air Pressure," What Now?

Tom Taranto, Owner, Data Power Services

TRACK 2 SESSION #4: SUSTAINED ENERGY REDUCTION THROUGH OPERATIONAL DISCIPLINE AND ENERGY MANAGEMENT *(ROOM 110)*

Operational Discipline as a Driver of Sustained Energy Reduction

Jose Luis Sarmiento Escalante, Facilities and Maintenance Engineer II, John Deere

Energy Management in the Industrial Value Chain

Brad Runda, Industrial Energy Advisor, ICF (under contract to Oak Ridge National Lab and U.S. Department of Energy)

9:30AM – 11:00AM

Precision Prospecting Workshop *(Room 108) (see pg. 8)*

11:15AM – 12:15PM

Plenary Session *(Wabash Ballroom 123)* ——— *All Attendees Welcome*

Standards & Program Update From CAGI

Matt Smith
President, Compressed Air & Gas Institute

The Future of Manufacturing

Jake Hall
The Manufacturing Millennial

2:00PM – 4:00PM

Compressed Air Challenge (Part 3) *(Room 106)*

THURSDAY, OCTOBER 15

8:00AM – 10:00AM

TRACK 1 SESSION #5: DESIGNING HIGH-PERFORMANCE COMPRESSED AIR SYSTEMS *(ROOM 109)*

Compressed Air is the Byproduct: A Thermodynamic Analysis

Bryan Jensen, Engineering, Independent

The Hidden kWh Cost of Compressed Air: Quantifying Downtime, Low Pressure and Air Quality Issues Driving Production Loss

Peter Vinck, Founder / President / Principle System Engineering Consultant, Inflow Corp

Practical Habits to go from Initial Concept to Final Commissioning

Gil Rangel, Senior Project Manager, ADG Concepts

TRACK 2 SESSION #5: REAL-WORLD COMPRESSED AIR RELIABILITY AND MAINTENANCE LESSONS *(ROOM 110)*

The Compressor Room Detective: Uncovering Clues to Improve Reliability, Performance and Efficiency

Sal Calvo, Co-Founder, Compressed Air USA

Seven Years in an Air Compressor Room: Lessons Learned

William Orndorff, Engineer, Kiriu USA

Preventing Oil Carryover and Air Compressor Damage in High-Demand Bubbling Applications Using Sonic Flow Limitation

Mustafa Uslu, GM, Revindus
Louis Masse, P.Eng., CCASS, Engineering Supervisor, Quebec & Atlantic, Comairco

8:00AM – 11:00AM

Sales Foundations Workshop *(Room 108) (see pg. 8)*

10:00AM – 10:15AM

Coffee Break

10:15AM – 12:15PM

TRACK 1 SESSION #6: UTILITY INCENTIVES, M&V AND DEMAND-SIDE OPTIMIZATION *(ROOM 109)*

Boosting Compressed Air Performance Through Utility Incentive Programs

Billy Alston, Project Engineer, TRC

Mastering M&V: Safeguarding ROI and System Performance

Karthik Radhakrishnan, Energy Engineer, Energy Sciences

Stop Making Compressed Air Hold Steel Parts

Nasr Alkadi, Strategic Consultant, Energy and Sustainability, CLEAResult

TRACK 2 SESSION #6: COOLING CHALLENGES AND PRACTICAL SOLUTIONS IN PLANT OPERATIONS *(ROOM 110)*

Results of Neglecting Maintenance

Richard Francis, Sales Manager, CM Towers

Process Cooling Maintenance for Efficiency and Reliability in Plastics

Tom Thompson, Manufacturers Sales Representative, Efficient Plastics Solutions

Efficiency Design in Low Delta T Systems

Clayton Penhallegon, Principal, Integrated Services Group

Conference Workshops

Compressed Air Treasure Hunt Workshop

Sponsored by SMC

Tuesday, October 13, 8:00AM–11:00AM

EXPERTS

Jon Jensen
SMC

Josh Wamser
The Analysts

John Bilsky
Gentex

Go beyond your annual leak audit with five demand side Treasure Hunt projects that reduce flow and pressure to uncover energy savings. Includes hands on work with fully operational table top compressed air labs and pneumatic circuits. Pre-registration required. Earn 3 PDH credits.

Pneumatic Conveying Workshop

Sponsored by Kansas State University | Advanced Manufacturing and Bulk Solids Technology Center

Tuesday, October 13, 8:00AM–11:00AM

Instructor: ***Jonathan McPherson***
Director of Advanced Manufacturing and Bulk Solids Technology Center, Kansas State University

Strengthen your skills in pneumatic conveying system design and troubleshooting. Complete live sizing exercises, review case studies and participate in a group mock system design activity. Pre-registration required. Earn 3 PDH credits.

Sales Engineering Workshops

Instructor:
Mark Allen Roberts
CEO, OTB Solutions

Sales Foundations

Tuesday, October 13, 8:00AM–11:00AM
Thursday, October 15, 8:00AM–11:00AM (repeat)

Discover the core skills needed to confidently engage prospects and guide conversations that lead to revenue. Pre-registration required. Earn 3 PDH credits.

Precision Prospecting

Wednesday, October 14, 9:30AM–11:00AM

Learn how to identify ideal targets, craft outreach that earns responses and create a repeatable process for filling the sales pipeline. Pre-registration required. Earn 1.5 PDH credits.

Industrial Chilled Water Workshop

Wednesday, October 14, 8:00AM–11:00AM

EXPERTS

Clayton Penhallegon, Jr., PE
Integrated Services Group

Ryan Schmidt, PE, CEM
3M

Troy Reineck
EVAPCO

Don Joyce
Industrial Water Chiller

Advanced training on the design, operation and optimization of process chillers and industrial chilled water systems. Pre-registration required. Earn 3 PDH credits.

BROUGHT TO YOU BY THE PUBLISHERS OF
